Flavia Tamà

Valerio Tosto

Hey! Look this, are you frightened about the drawing?

Why should one be frightened by a hat?

When I was young I wanted to be a painter , but my dream stopped... I became an aviator

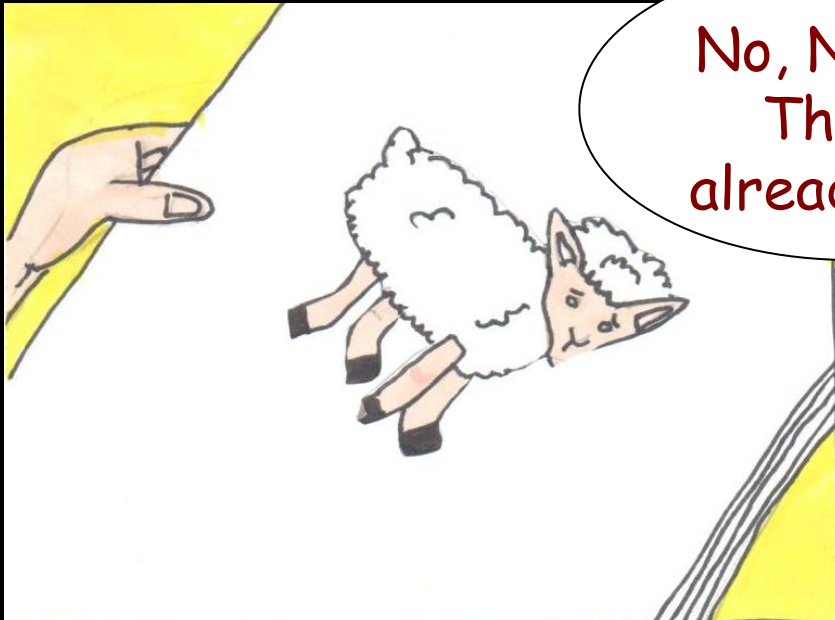

Many years later, homeward from a
shipwrecked

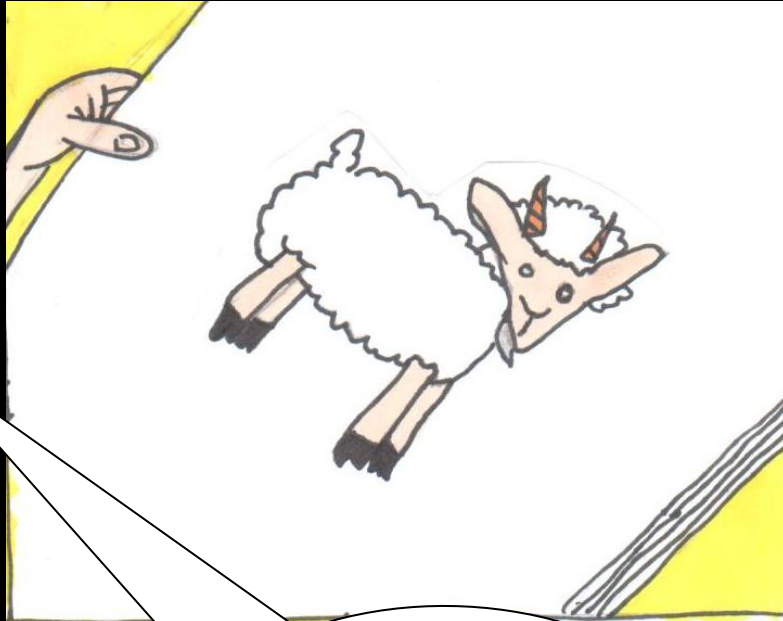

Sahara's Desert

When I was awakened, an odd little voice broke the silence

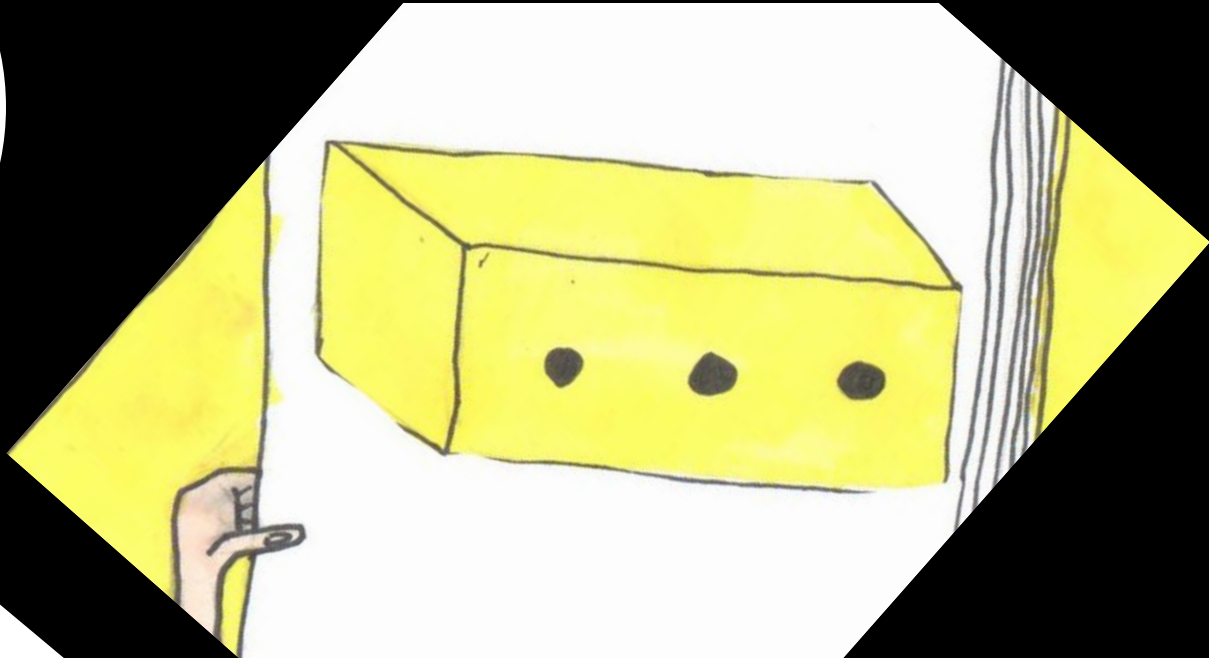

No, No, No!
This is
already sick

You also see it
from you, it
isn't a sheep is
a goat, it has
horns

This is too old,
I want a sheep
that lives for a
long times...

The sheep
you asked me
is here

Does the sheep eat the shrubs?

so are they eating baobabs?

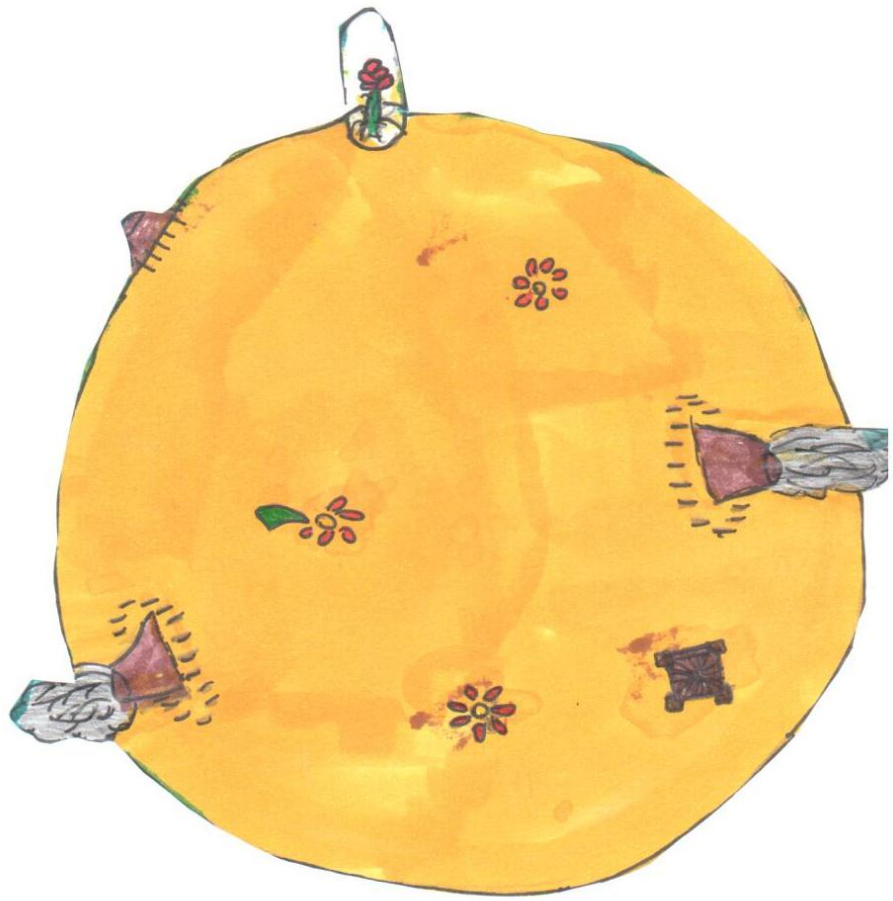

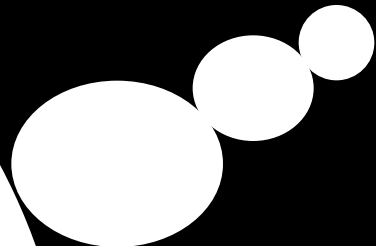

Yes!

Yes!

Yes!

Ecco cosa succederebbe se i baobab riuscissero a crescere in un pianeta piccolo come l'asteroide B612!

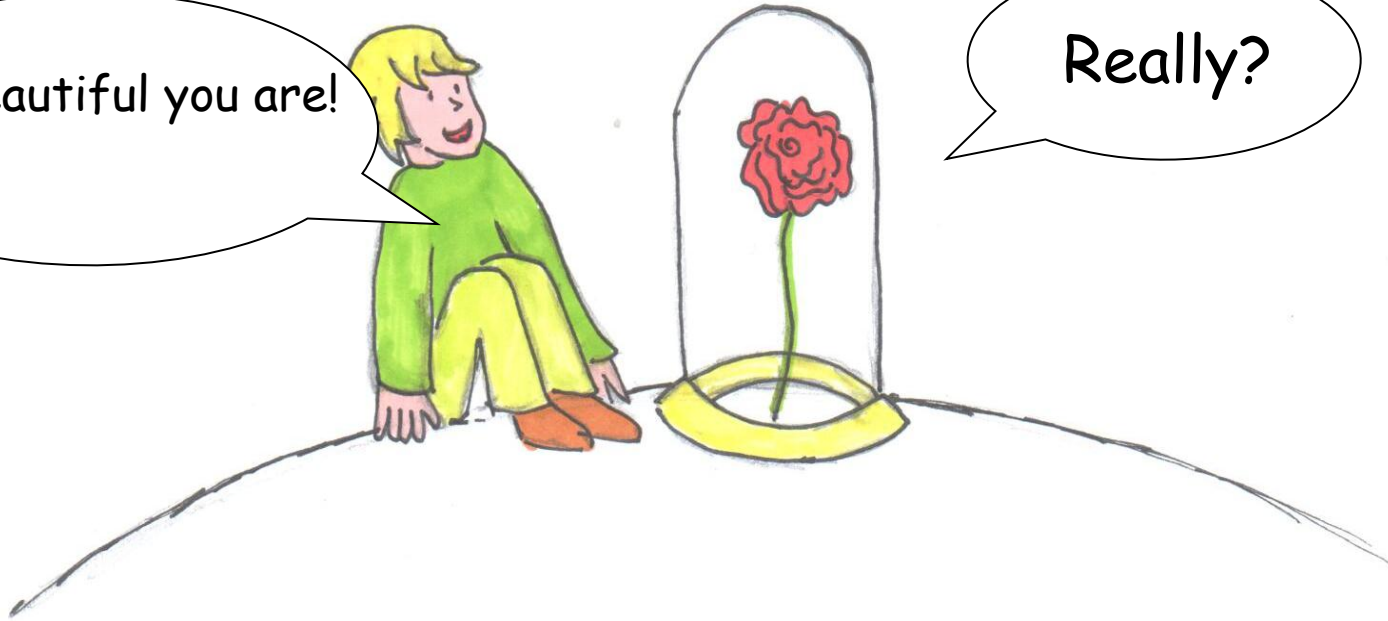

I come from asteroid B-612

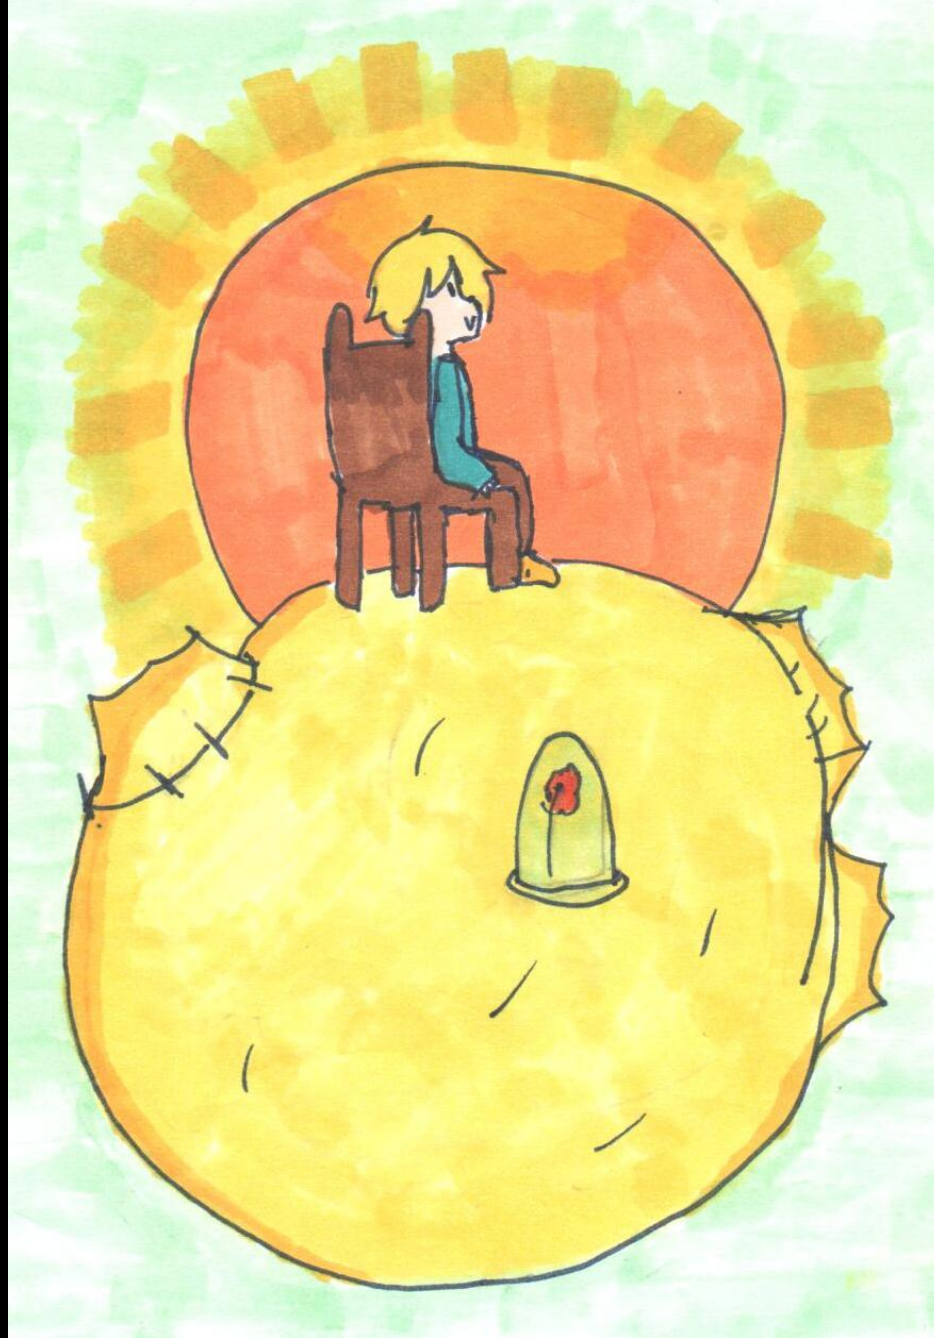

In my planet there is a rose, my only friend

How beautiful you are!

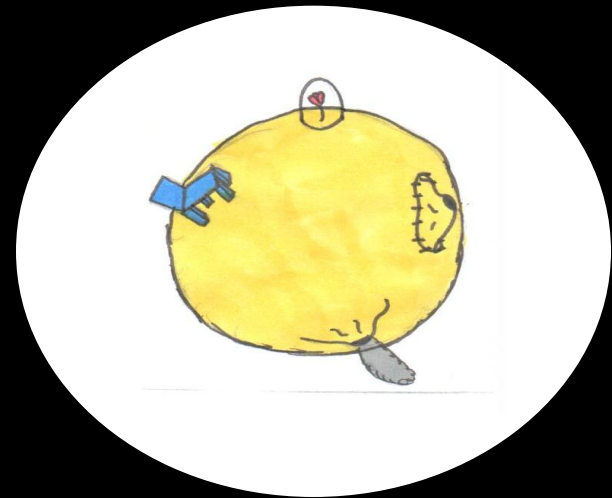

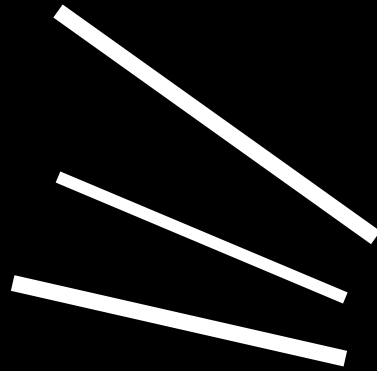

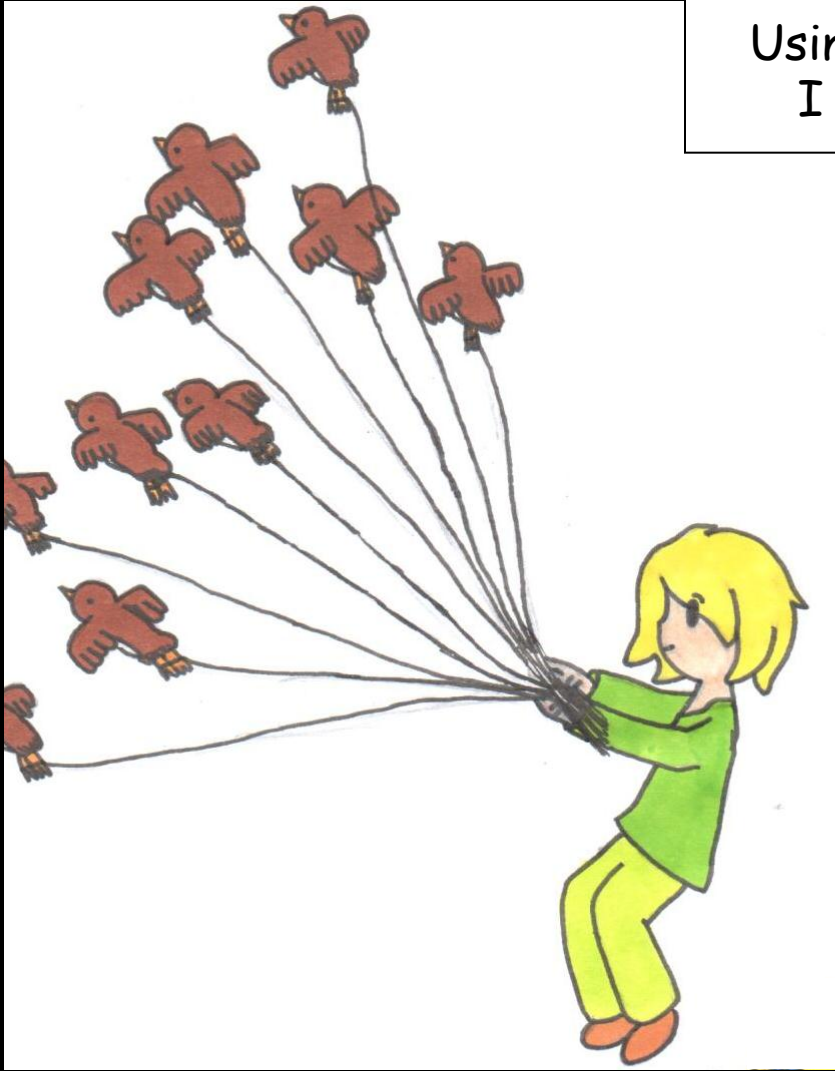

Really?

In my asteroid just move the chair to admire the sunset

Using a swallow migration
I started my journey

In the first planet there was a king who ruled on a mouse

The second planet was inhabited by a conceited man, all other men are admirers

On the third planet there was a tippler who
drunk to may forget

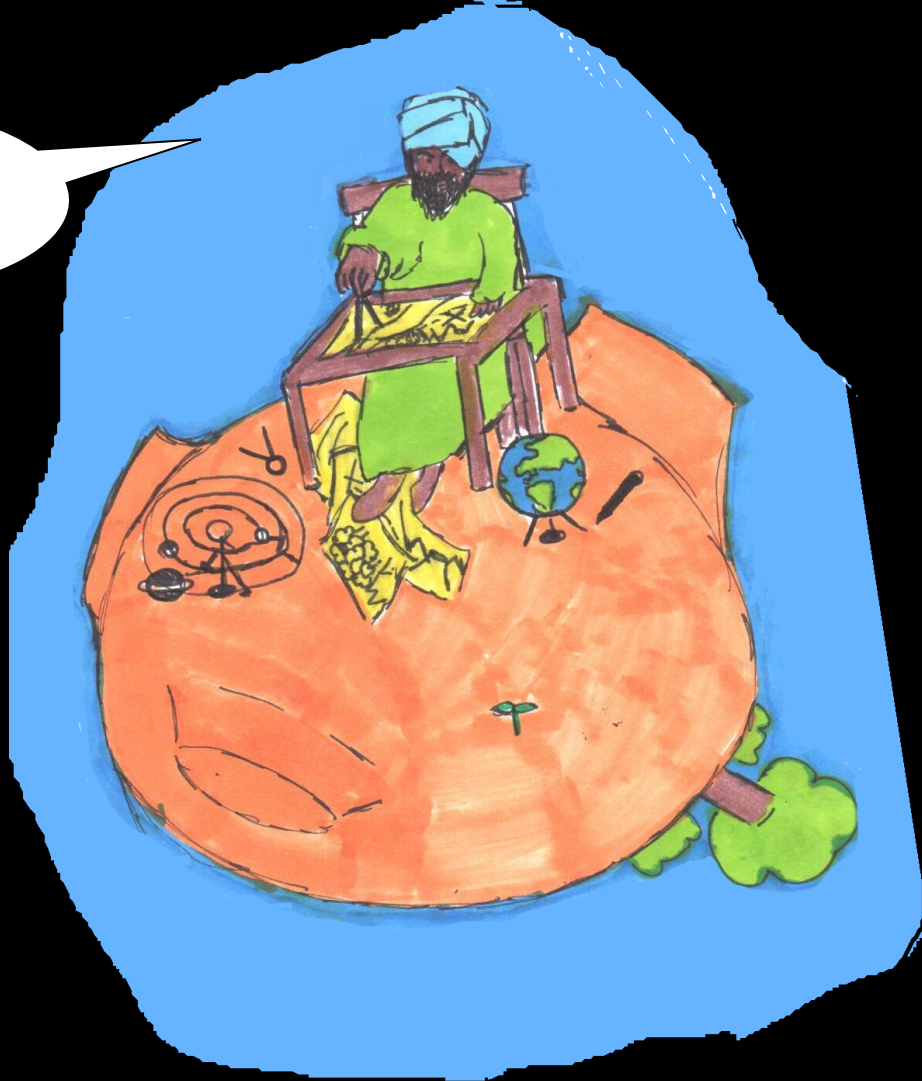

On the Fourth planet there was a buisnessman who counted the stars because he believed they make me rich

On the fifth planet there was a lamplighter that he turned on and off the lamp every minute

On the sixth planet there was a geographer who drove a traveller to complete a map.

Go on the Earth

The seventh planet was the Earth...

After this meeting, I went away

I went in a rose garden

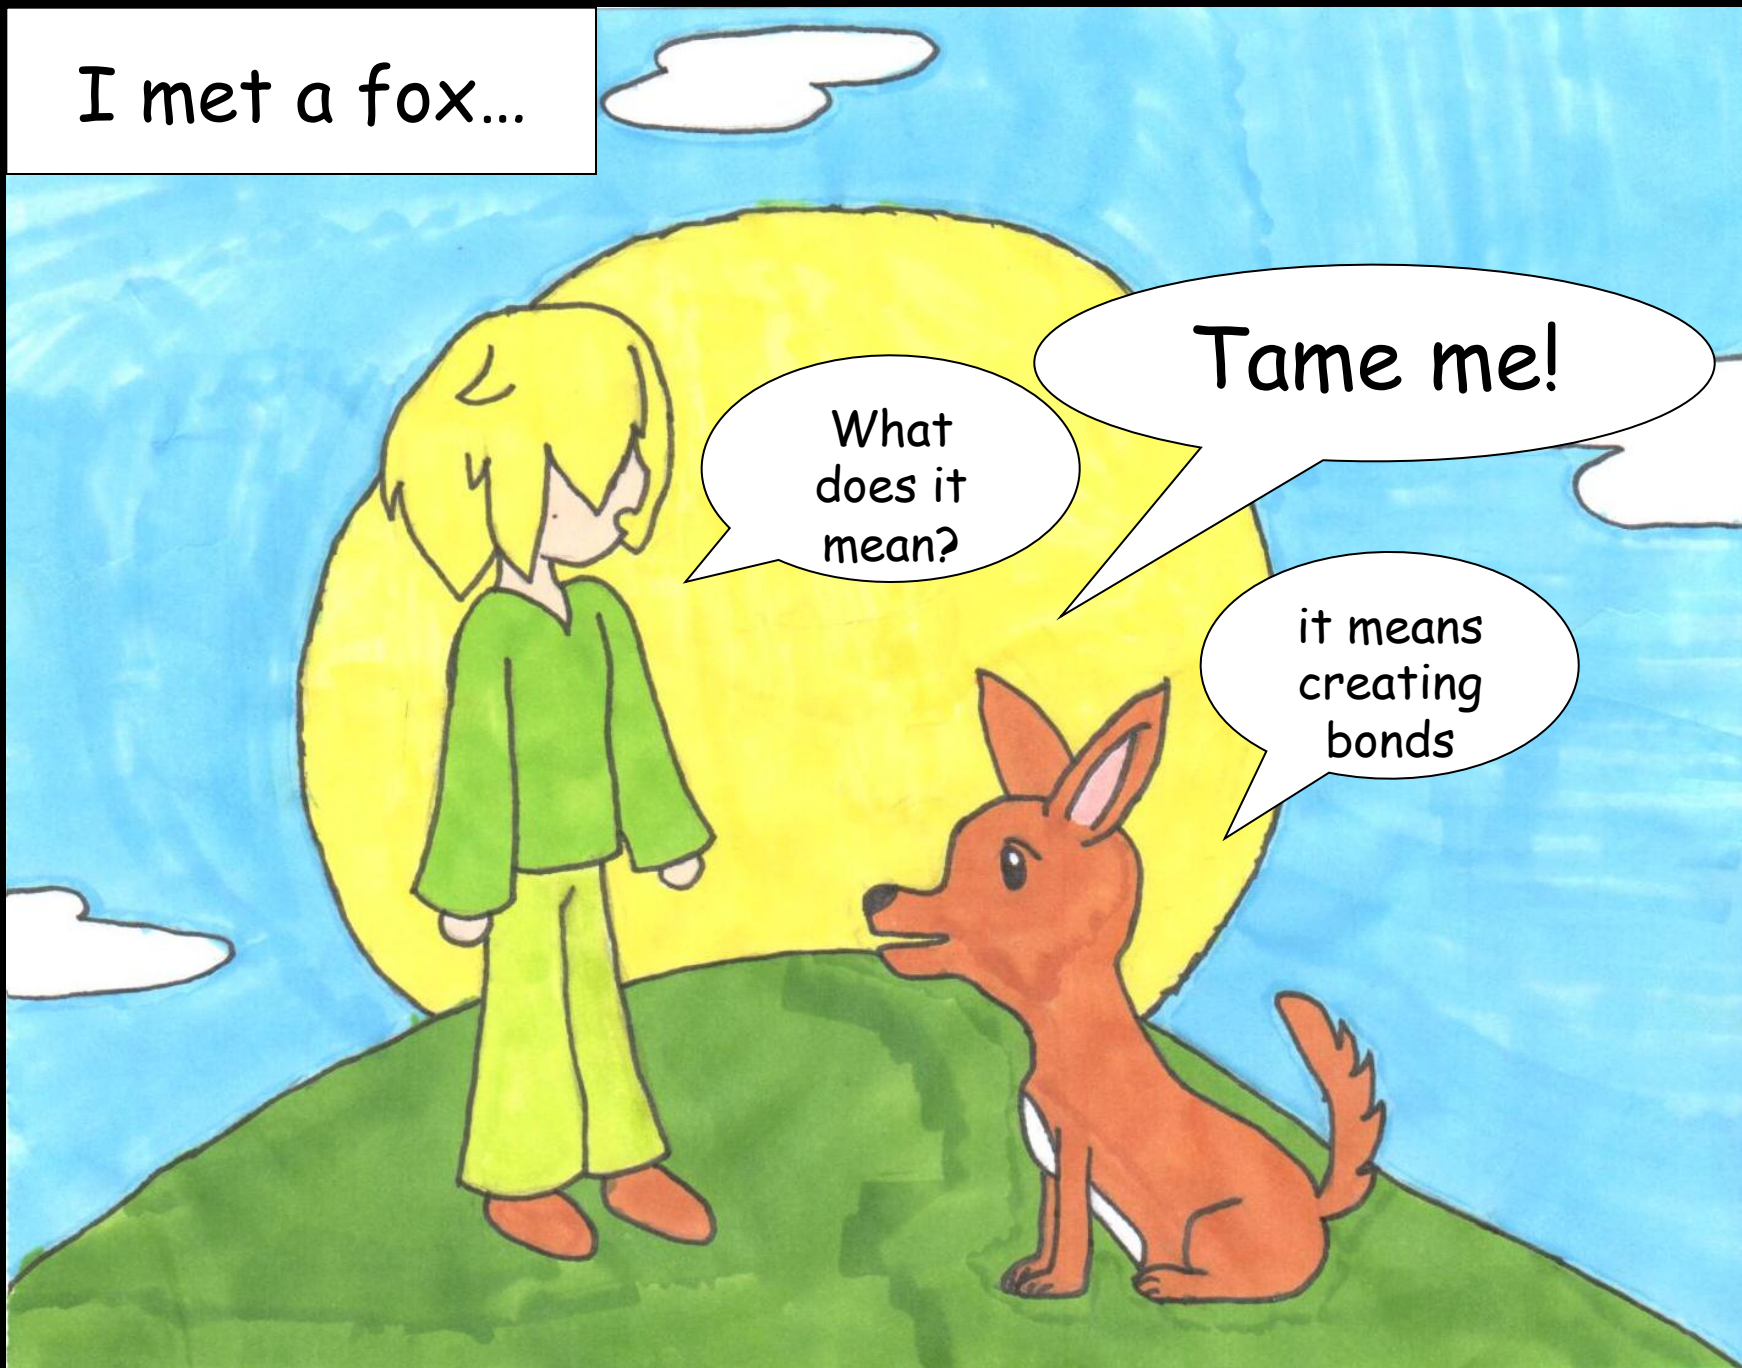

I always have my only rose in the world but there are others

I met a fox...

What
does it
mean?

Tame me!

it means
creating
bonds

Here they are domesticating me

I'm thirsty.

We look for
a well.

Please!

I Want to
get off!

And here the story ends! ^-^
